# ABOUT CSG RESOURCING

## AGILE | DIVERSE | PROFESSIONAL

With more than 20 years' experience in the temporary employment services industry, CSG Resourcing provides **value-adding and client-tailored services** through:

Temporary Employment/  
Staffing Solutions

Permanent Employment  
Placements

Payroll Administration

Health & Safety Audits

Payroll Outsourcing

BEE Consulting Services

Industrial Relations Management/  
Labour Law

Risk Mitigation

Human Resources Management  
Consulting

Training & Development

By partnering and collaborating with CSG Resourcing, we support our clients with **capacity creation to focus on their core business**. Integral to the success of CSG Resourcing is our belief in building relationships, empowering our people and effective communication.

CSG Resourcing solutions are driven by offering **flexibility** to our clients so that they can respond to a variety of situations in today's fast paced and globally diverse business environment.

Our experts are affiliated with various professional bodies and offer **strategic, agile, diverse and professional** solutions to all our clients.

Through effective recruitment, screening processes and a good understanding of our clients' business needs, we are able to

effectively supply **quality staff**, meeting our client's ever-changing supply and demand of staffing requirements at **short notice**, ensuring the seamless integration into the existing workplace.

We focus on **blue, grey, and white-collar** staffing needs and currently assign more than 10 000 employees to our clients in South Africa and Sub-Saharan Africa. We provide fully comprehensive management services on each project from **onboarding to demobilising** of staff as required.

# PARTNER WITH US

CSG Resourcing has a long standing relationship with many of its clients, some of whom have been **partnering** with the business for over 15 years.

Our ability to accurately identify, screen, appoint, secure and deploy staff members to our client's premises is what sets us apart and has built **trust** for our ability to deliver.

We continue to **adapt** to our client's needs, not only in terms of the skill sets they require on site, but also in terms of **technical alignment** to their IT systems.

Our ability to offer our clients training and on-site management to suit their sector, not only ensures that they stay compliant, but helps to **mitigate risks** to their business by having knowledgeable and competent staff members.
